

Smart Curtain Motor Introduction

Terncy Smart Curtain Motor is a ZigBee endpoint accessory, that connects to Terncy Home Center ZigBee hub. It's designed to automate curtains, and help to protect home from sun damage, overheating and security threats.

1

Indicator Light State

State	Green LED fast flashing (10 flashes per second)	Connecting to Home Center nearby
	Green LED slow flashing (1 flash every 2 seconds)	Successfully connected to Home Center
	Green LED medium flashing (4 flashes per second)	Failed to connect to Home Center

2

Physical Installation

1. Hold up and pull the latch to the unlocked position before connecting.
2. Align the motor shaft to the square hole of the Drive Unit. Insert the shaft into the hole vertically.
3. Switch the latch back to the locked position. Ensure the motor is connected to the Drive Unit firmly.

3

Physical Installation

1. Cut down the power before wiring.
2. Wire by colors as illustrated.

4

Download and Install App

Download Terncy app from application markets or scan the QR code below. Follow the direction in the app to connect your accessory to Home Center.

5

Setup Accessory for The First Time

1. Navigate to "Add Device" page in the app.
2. Turn on power for the Smart Curtain Motor. The LED will start flashing green.
3. The app will automatically detect the accessory, typically within 5 seconds.

Warranty Card

Xiaoyan's after-sales service includes:

Xiaoyan Tech shall remove any physical defects inherent in the device which are listed on the warranty card, free of charge, by replacing (at the sole discretion of Xiaoyan Tech) the defective device within the period of 15 days from the date of reception by the consumer, and by repairing the defective components of the device within the period of 36 months from the date of reception by the consumer.

*** The warranties may be varied in different countries and regions.**

The Warranty Applies to:

1. surface damages resulting from mishandling during transport or defects inherent in material or structure of the products;
2. failure of the buttons or indicator lights;
3. failure of wireless communication.

The Warranty Does Not Apply:

1. when the warranty period expired;
2. to damages resulting from repairing and introducing alterations by unauthorized persons;
3. to damages caused by using accessories not recommended by the manufacturer;
4. to damages resulting from other irresistible causes.
